

Workshops in Spring 2013

Max Planck Institute for the History of Science

Group on “Modern Geometry and the Concept of Space”

Max-Planck-Institut für Wissenschaftsgeschichte
Boltzmannstr. 22 – 14195 Berlin

Contact: Vincenzo De Risi (vderisi@mpiwg-berlin.mpg.de)

Wednesday, April 24th, from 14:00 to 18:30
Conference Room of the MPIWG (Ground Floor)
open entrance

Kant and the Euclidean Tradition

A workshop on Kant's philosophy of mathematics with
DANIEL SUTHERLAND (University of Illinois – Chicago)
JEREMY HEIS (University of California – Irvine)
ERIK BANKS (Wright State University)

Thursday, April 25th, from 9:30 to 17:30
Conference Room of the MPIWG (Ground Floor)
please contact Vincenzo De Risi to attend

J.H. Lambert: Science and Epistemology

A roundtable with ALISON LAYWINE, THOMAS MOREL, MARTEEN BULLYNCK, NORBERT SCHAPPACHER, CHRISTOPHE ECKES, PAOLA BASSO

Wednesday, May 29th, from 9:30 to 17:30
Conference Room of the MPIWG (Ground Floor)
open entrance

Finite Geometry, Indivisibles and Minima from the Middle Age to the 18th Century

A workshop on the geometrical theories of the composition of the *continuum* through a finite number of minima, with

SANDER DE BOER (Radboud University)
ANGELIKA BÖNKER-VALLON (Universität Kassel)
RICHARD T.W. ARTHUR (McMaster University)
DOUGLAS JESSEPH (University of South Florida)
